

## How to Prepare for College- Monday 3/9

The Basics	Objectives	Start Here
Grade 9/10/12 Theme: College Planning Duration: 15-20 Minutes	Student explore the various types of post-secondary opportunities available to them.	There are many options available to students after high school. Collecting as much information about these colleges helps to put students on the right path.

### REQUIRED ACTIVITIES:

1. Give each student a copy of the note-catcher.
2. The senior advisory groups will be divided up into panels to visit the 9th and 10th grade advisories. Facilitate the conversation utilizing the following questions as prompts.
  - a. What classes have you taken to prepare for life after high school?
  - b. As you consider your future, what types of options after high school have you already explored (e.g., two-year college, four year college, certificates, trades, internships)?
  - c. What concerns or questions came up for you as you explored?
  - d. To achieve your career goals, how long are you willing to go to college or other type of training?
  - e. What does success mean to you when it comes to a career?
  - f. What do you want your lifestyle to be like after high school?
  - g. If you could give one piece of advice to these students to prepare for their senior year, what would that be?
